SPA CAVE

The ancient romans who were real lovers of relax, they used to spend the majority of time in the spa. Spa cave included vapors of rich thermal waters create a natural turkish bath which detoxify organism producing a sense of general welfare of the whole body sweating promotes an intense purifying process and together with the immediate well- being sensation it is a unique treatment to recover your psycho- physical balance.

THERMAL POOLS

Thermal water! That's why Abano Terme is different from any other city! After having felt the relax and well- being sensation of a bath in our swimming pools you couldn't be able to give it up surrounded by the constant warmth of the water which goes from 33° to 36° degrees. 2 communicating pools : an indoor one and an outdoor one. The outdoor swimming pool allows you to swim even during winter season thanks to the hot temperature of the water. It is surrounded by a garden and comfortable sun beds to lie in the sun. It also has a sun terrace for a greater abandonment in total privacy. In the hydro massage area you will find a cervical waterfall and a wide seat with hydromassage for body and legs.

The indoor swimming pool is linked with the outdoor one, air hydromassage area has a lighter pressure. Both swimming pools fit good for swimming or simply bathing.

Enclosed to the swimming pool you can find our relax zone and bar. ...and if it is not enough move yourself with our aquagym instructors.
